

Privacy And Cookie Policy

Nitromak Dnx Kimya Sanayii A.Ş. (hereinafter referred to as "**DNT**"), acting in its capacity as the **Data Controller**, attaches the utmost importance to the security and lawful processing of personal data. In this regard, DNT is committed to ensuring that the personal data of its customers, prospective customers, employees, job applicants, interns, students, supplier/subcontractor representatives and employees, shareholders, business partners, visitors, and other third parties whose personal data is processed, are handled and protected in compliance with the Turkish Personal Data Protection Law No. 6698 ("**KVKK**").

As the Data Controller as defined under the KVKK, DNT processes personal data within the limits prescribed by the Constitution, applicable laws, and relevant regulations, and in the manner described below.

Protection of Personal Information

Our Personal Data Protection Policy and Privacy Notices available on our website describe in detail the measures implemented to safeguard your personal information. These documents explain:

- The categories of personal information collected;
- The purposes for which such information is used;
- Your choices regarding the use of your personal information;
- The measures taken to protect your information; and
- The methods through which you may review and update your personal information.

By accessing our website, you acknowledge and accept the collection and use of information as outlined in this Privacy Policy.

Information Provided Directly by You

In general, you may visit www.nitromak.com without providing any personal information. However, certain pages may require you to submit personal data in order to access specific services or complete requested transactions. The provision of such information is voluntary; however, failure to provide the requested information may prevent us from delivering the relevant service or processing your request.

Information Collected Automatically

We may automatically collect information regarding your interaction with our website, including but not limited to:

- Pages viewed;
 - Amount of data transferred;
 - Links clicked;
 - Materials accessed; and
 - Other actions performed while using the website.
-

In websites where users log in with credentials, this information may be associated with their identity to better understand their potential interest in our products and services. In addition, we may collect standard technical information transmitted by your browser, including:

- IP address;
- Browser type, capabilities, and language settings;
- Operating system;
- Access date and time; and
- The referring website from which you accessed our website.

Such information is generally collected in a manner that does not directly identify individual users.

Use of Information for Services and Transactions

Personal information may be used for purposes including, but not limited to:

- Providing information regarding DNT products and services;
- Registering purchased products;
- Processing product orders;
- Managing warranty claims;
- Providing Material Safety Data Sheets (MSDS);
- Responding to customer service inquiries; and
- Facilitating the use of our websites.

To ensure a more consistent customer experience, information collected via our websites may be combined with information obtained through other channels.

Website Improvement and Personalization

DNT may use personal information to:

- Improve products and services;
- Enhance website functionality and usability;
- Eliminate the need for repeated data entry; and
- Personalize content based on user preferences and interests.

This enables a more efficient and tailored user experience.

Communications

Subject to obtaining your explicit consent where required, DNT may use personal information collected through its websites to communicate with you regarding products, services, promotions, and other relevant corporate information.

Job and Internship Applications

Applicants for employment or internship opportunities may be required to provide personal information, including resumes/CVs and supporting documentation. Applicants are advised to review the relevant Privacy Notice available on www.nitromak.com. Detailed information regarding the processing and protection of personal data can also be found in the company's Personal Data Protection and Processing Policy.

Use of Cookies and Web Beacons

Cookies are small data files stored on a user's hard drive or browser memory by websites. Cookies may be used for purposes including:

- Tracking website visit frequency;
- Measuring visitor traffic;
- Analyzing user behavior and website performance;
- Assessing the effectiveness of online advertising campaigns;
- Storing user preferences; and
- Supporting technical website functionality.

Both session cookies and persistent cookies may be utilized to facilitate account management and enhance navigation, particularly during information searches and order processing activities. Users may accept or reject cookies through browser settings. While most browsers automatically accept cookies, settings can typically be modified to reject cookies or notify users when cookies are being placed. Disabling cookies may limit access to certain website features and functionalities. Our websites may also employ **web beacons** (also known as single-pixel GIFs) to measure visitor activity and website usage statistics.

Disclosure to Service Providers

DNT may engage third-party service providers to perform services on its behalf, including:

- Website hosting;
- Information distribution;
- Transaction processing; and
- Website analytics.

Such providers are granted access only to the personal information necessary for performing the contracted services and are prohibited from using such information for any other purpose.

Disclosure in Relation to Transactions

To facilitate specific transactions, DNT may disclose all or part of the relevant personal information to:

- Financial institutions;
- Government authorities;
- Logistics providers; and
- Postal service providers.

Any such disclosure will be limited to what is necessary for the completion of the relevant transaction.

Disclosure for Legal and Other Legitimate Reasons

Personal information may be disclosed where required by law, regulatory obligation, or legal process, or where DNT reasonably believes that disclosure is necessary to:

- Protect and defend its rights and property;
- Comply with legal obligations; or
- Protect the personal safety of individuals in emergency situations.

Information Security

DNT is committed to protecting personal information from unauthorized access, use, alteration, disclosure, or destruction.

To achieve this objective, DNT employs a range of administrative, technical, and organizational security measures, including:

- Restricted-access facilities and systems;
- Encryption technologies for transmitting sensitive information over the Internet;
- Secure authentication mechanisms; and
- Controlled access management procedures.

Users are responsible for maintaining the confidentiality of their passwords and login credentials and must not disclose them to third parties. Encrypted cookies may also be used to verify user identity during authenticated sessions and navigation across connected systems.

Links to Third-Party Websites

Our website may contain links to websites operated by:

- Distributors;
- Affiliates and subsidiaries;
- Business partners;
- Professional organizations;
- Public institutions; and
- Third-party training providers.

Although DNT endeavors to link only to websites that maintain high standards of privacy and security, DNT assumes no responsibility for the content, security practices, or privacy policies of external websites.

Enforcement of This Privacy Notice

If you have any questions, concerns, or requests regarding this Privacy Notice or the processing of your personal information, please contact us. DNT will make reasonable efforts to address inquiries promptly and provide a satisfactory resolution.

Amendments to This Privacy Policy

DNT reserves the right to update this Privacy and Cookie Policy when necessary, without compromising its commitment to the confidentiality and protection of personal data.

Any updates shall indicate the effective date and the reason for the revision. Detailed information regarding personal data protection can be found in the Personal Data Protection and Processing Policy available on our website.
